

Educators Exhibit

"Who's Who In Education" continues at the History Center through mid-November. Visitors are welcome from 1-4:00 on Saturdays, Sundays, and Mondays. We also welcome new information, photos and related donations to this exhibit.

Overheard at the History Center

During his military service in First Battalion, 30th Infantry stationed at Ft. Benning, GA, retired Eastern teacher Wayne Frakes earned the honor of "Soldier of the Week" in May 1954. His commanding officer, Major John S. D. Eisenhower, sent a letter, on display at the History Center, to Wayne's mother back home in Greentown. Later that same year, Wayne was selected as "Soldier of the Month" by the new commanding officer, Lt. Col. Henry S. McDonald, Jr. Having an Eisenhower as the commanding officer meant having full military parades when visiting dignitaries came to Ft. Benning. The soldiers' shoes would get so hot in the full summer sun that the shoe polish

melted and ran off as they stood in parade! His battalion was so overjoyed when Maj. Eisenhower's father, Dwight Eisenhower, was elected President because John went to Washington to become his aide.

During his visit to the History Center, Randy Hainlen related the fact that retired Eastern Latin and math teacher Doris Waymire is the last living teacher of actor James Dean. She has a "James Dean Room" in her home in Marion. When Randy asked why she doesn't also have a "Randy Hainlen Room", she replied, "I have a "Randy Hainlen Drawer."

Memory Board Notes

Rita Kingseed's note posted on the Memory Board tells how Eastern Elementary teacher Paul Nicholson liked to tease: "One of my classmates, Shawn Benedict, brought in suckers to give out for her birthday treat. Mr. Nicholson took them and hid them at recess in his podium drawer. We saw him hide them, so we moved them at lunch to his closet. When

Shawn went to pass them out and couldn't find them, Mr. Nicholson went to get them out of his podium drawer but couldn't find them either. That was a great surprise!"

Charlotte Nulf's note on the Memory Board tells of the highlights of her school years in this area: "My 1-2-3 grade teacher was Marguerite Roach. She instilled in me the love of reading and a desire to learn. When she was helping the other class, she often had me have students in my class to read. She is the main person who inspired me to be a teacher. I loved teaching. I taught at Eastern for 8 years before going to Taylor where I retired after 26 years there. Mrs. Hudson was the librarian at Eastern. I worked in the (continued on page 2)

library for her. She would have a new book for me to read each week. Our library at Union was a very small one, but when I was in 6-7-8 grades Francis Echelbarger encouraged us to read the books there. Many teachers have influenced my life. Eastern Howard Schools is to be commended on having so many excellent teachers.”

Exhibit Highlights

Opal (Lamb) Davis 1895-1982 (information provided by her niece, Helen Hickman)

Opal and her brother Harry attended Greentown High School. They rode a horse to their Grandma Lamb's house on West Main Street, put the horse in the barn, and walked on to school. She received her teaching certificate from Ball State and then moved to

Washington, D.C., to work in the War Department during W.W.I. After the war she taught school in Ohio for two years in a one-room school with eight grades. She returned to Greentown and taught fourth and fifth grades. In all, Opal taught for forty years.

Omen Schaaf (teacher from 1910 to 1952)

Omen Schaaf graduated from 8th grade when he was 12 years old. In April 1910 he received his 12-month teaching license. He taught at Liberty Township School for \$2.83 per day in 1912.

Margaret Melford Beeler started teaching at Greentown around 1922. She was told that women teachers could not cut their hair. The only way she could have short hair was to wear a switch, a hairpiece

pinned in place to look like a bun. So that is what she did. She had to stop teaching when she got married, but after her children went to college, she returned to teaching. She taught at Union School from 1951-1962.

The exhibit committee encourages the submission of information about all teachers who worked in the schools of eastern Howard County to the current exhibit and later to our archives and genealogical collection. Contact the History Center at 628-3800 and leave a message. We will contact you about a convenient time for an appointment. Also, we have a Teacher Memory Wall to post your favorite memories and anecdotes from your school days. If you are unable to come in, mail your memory to us and we will add it to the wall.

A Taste of Chautauqua

by Rachel Jenkins

A new word has entered the vocabulary of some of us during 2007—"Chautauqua" pronounced \shə-'tō-kwə\ — and was mentioned as a part of the

G.H.S. exhibit on the Seegar Sisters. Dorothy Seegar traveled extensively with the Redpath Chautauqua Company. Miriam also made some appearances. Older sister, Helen, started it all by introducing Dorothy to the president of the company.

Chautauqua draws its name from Lake Chautauqua, New York, where the movement originated. The New York Chautauqua was an educational summer campground, bringing entertainment and culture to the campers. Tent Chautauquas were an itinerant manifestation. As a traveling program, it "brought culture to the rural areas." There are just a few Chautauqua campgrounds today. The traveling programs were popular in the late 19th and early 20th centuries. The newspapers reported Chautauquas in Kokomo and Greentown. We know the site of a Greentown Chautauqua was on property at the NW corner of Walnut and Howard Streets, owned by Dr. Henry C. Miller.

For this year's Annual Meeting we will be bringing a sampling of the kind of program one might have heard and seen at an early Chautauqua. The three-part program will consist of music, magic and lecture. Leah Davis, vocal student of Susan Brooks, and her brother Parker will present a program of Irish music. Owen Oldaker will perform his slight-of-hand magic. Dr. Herbert Miller, retired professor of International Business, will give

his popular lecture, "Differences", which will both entertain and stimulate thought and discussion.

A Little Chautauqua History by Rachel Jenkins

Chautauqua in Kokomo

In an August 1908 issue of the Kokomo Daily Tribune, an article entitled "Chevrolet's Transport Redpath Chautauqua" states that the Kokomo Chautauqua was founded about 1905. Income was from ticket sales. Purchasers were referred to as "subscribers." At the close of the 1908 Chautauqua, 1,000 tickets had been sold for the 1909 event. "The attendance Sunday afternoon and night at the Chautauqua tested the capacity of the auditorium." On the program were Lecture by Ralph Parlette "Weighed in the Balance" on educational and religious topics and brimful of humor. He argued in favor of an industrial college where a student can earn his own way. Also were the Ladies Lyceum Quartet and a lecture by Rev. Father P. J. McCorrey, introduced by Father Francis Lordeman. The topic was a plea against intellectual prejudices.

There were classes in arts and crafts during the Chautauqua. Classes were held in water color, china painting, basket weaving, copper work, and leather tooling. There was an Arts and Crafts Guild in existence for 2 years, and the Chau-

Chautauqua gave it a shot in the arm. Membership grew and demand was raised for a permanent shop where members might go any day of the week and work and supplies might be ordered.

Kokomo Daily Tribune July 16, 1915

"A committee of boosters from the enterprising village of Windfall, headed by a brass band and a couple of clowns, was in (Green)town Tuesday advertising in the Chautauqua that is to be held there week after next. The party traveled in automobiles."

Chautauqua in Greentown

An article in the Sept. 3, 1915, Kokomo Daily Tribune indicates that the first Chautauqua in Greentown was in 1914. Attendance at every session in 1915 was reported very good: "The big tent was crowded each afternoon and evening." On the program was a band with the youngest bandmaster in the world and a lecture.

Kokomo Daily Tribune August 11, 1916

"Never did Greentown look more beautiful than it did last night when fully five thousand interested spectators were here to attend the band carnival. The event was the first of the kind ever inaugurated in Greentown and it proved a splendid success, in which the local band boys expended every effort for success. The four bands, con-

sisting of Kokomo, Windfall and Rigdon, with the home band gave a splendid musical entertainment for the evening, in which the visiting band boys were heartily received. The pleasure found by the home band is attested by the fact that they have already entered upon discussion of plans for another carnival next year. The weather conditions for the night were ideal."

Sept. 14, 1929 The Kokomo Tribune

Summarized from the newspaper article: For the first time in its 16 years existence, Redpath Chautauqua is this year employing passenger cars to transport members of its Deluxe circuit. The cars are Chevrolet six cylinder sedans. Buses and trains have been used in the past. The itinerary of the 40 member company trails jaggedly from Florida to northern Wisconsin.

Unless one has traveled with a Chautauqua troupe it is almost impossible to realize the rigors entailed by travel of this sort. In the first place, the troupers in the strictest sense are not really troupers at all. They are persons who, because of an outstanding reputation, are drafted to traverse the smaller cities, many experiencing the life of the road for the first time. Among those in this year's troupe are Nellie Ross, the former governor of Wyoming, a celebrated newspaper poet, and the holder of the longest solo flight, a trip from London to India. For six months

the troupers make one night appearances and then hop on to the next showing place. The average jump between show points is 100 miles. The total appearances of the season will be 140 towns.
